The accompanying FY22 Orange County Tax and Fee Schedule is provided as a convenient source of reference for the citizens and customers of the County. Actual rates are set by the Orange County Board of Supervisors in the appropriate enabling ordinance/resolution or in some cases set by the Virginia General Assembly in the Code of Virginia.

Certain fees may vary, and some are dependent on the underlying availability and costs incurred (ex. Theme Park tickets re-sold by the Parks and Recreation Department). Although the information in this Fee Schedule is presented in good faith and believed to be correct at the time of publication, nothing presented herein will supersede any existing or subsequent ordinance or code section specifying a fee which differs from the information presented in this schedule. No representation is made to suggest that this schedule is comprehensive as there may be additional fees which are necessitated from time to time by law or other circumstances. The Board of Supervisors reserves the right to change or amend this fee schedule at any time.

Citizens and customers are encouraged to contact the appropriate department by phone or email to verify fees, especially those requiring calculations, prior to making payments to the County. Departmental contact information may be found on the County's website at www.orangecountyva.gov.

Orange County Fee Schedule

Description

Rate/Fee Unit

A bill will be generated for ambulance transports conducted by all ambulances utilized by Orange County.

Patients will fall into one of the following categories for billing purposes:

(1) Insured, county resident, county employee or nonresident. The appropriate insurance carrier will be billed. As an insured county resident, any co-pay required by the resident's insurance company shall be deemed to have been paid as part of the resident's payment of personal property and/or real property taxes. As a nonresident county employee, any co-pay required by the said employee's insurance company shall be deemed a benefit of said employee's employment with the county.

(2) Uninsured county residents. The Orange County Compassionate Billing Policy provides for waiver of emergency transport fees for eligible uninsured county residents. A statement showing zero balance will be sent to any uninsured county resident qualifying for such waiver.

(3) Uninsured county employees. Orange County's Compassionate Billing Policy will provide for uninsured county employees to receive a waiver of emergency medical transport fees.

(4) Uninsured nonresidents. A bill will be sent to the patient transported.

(5) Bill generated/no collection. There are instances when a bill is generated in which the county would be merely transferring funds from one department's budget to another to satisfy the bill. For example, when an inmate of the regional jail is transported, the sheriff's department is responsible for the bill. The billing contractor will update its records to reflect such adjustment. For accounting purposes, inter-departmental transfers (IDT's) will not be required when an internal bill is generated. However, designated personnel will notify the county's billing contractor that the bill generated is internal to the county in those circumstances to ensure proper record keeping. [Note: The Commonwealth of Virginia would be billed for transports of state inmates in the judicial system.]

(6) Contractual write offs. The bills that Medicaid, Medicare, and insurance companies pay on behalf of an insured individual are sometimes adjusted to pay only a portion of the billed amount. This adjustment referred to here as a "contractual write off" is usually due to the laws governing the payment amount or through agreements between the insurance companies and billing entity. The contractual write offs are not considered unpaid balances, and will not be billed to patients.

(7) Reciprocal agreements. The county administrator is authorized to enter into reciprocal agreements with other localities that have compassionate billing policies for emergency transport fees.

Library privileges will be suspended if fines for overdue, lost or damaged materials accumulate to more than \$10.00 unless a partial payment of at least 20% of the balance is made. Partial payments are not accepted for lost items which must be replaced or paid for in their entirety. Library privileges will also be suspended if a patron has unreturned library materials which are more than 30 days overdue. Privileges will be reinstated when the item(s) is returned or paid for. Suspension on a child's record will also suspend the record of the responsible party for the account. Branch Managers are empowered to work with customers on a case by case basis to establish alternate plans for recompense in extenuating circumstances. Alternate plans may include donating materials and/or working as a volunteer at a rate of \$10 per hour. In extreme cases, if the balance of the unreturned materials exceeds \$100.00, the Library Director is empowered to consult with legal counsel to obtain payment.
